## Battling with Bottles?

If you're battling bottles and cans, it's time to win the fight and reclaim the space in your garage or closet. And we've got a hassle-free way to do it!

For the youth fundraising efforts, this is one of the silver linings from the lock-down – 10¢ at a time! We're hoping you will bring all of those empties to the church and place them in the Boy Scout trailer parked in the lot off of Holt Rd.

Simply drop them off any time over the next month –  
and THANK YOU!

## Our beloved and multi-talented Mitchell needs our help!

His plan of "going off to seminary" has morphed into staying in the area for seminary via online classes – which leaves him looking for temporary housing (6-12 months) until his seminary classes switch to in-person instead. He's hoping someone in our congregation has a lead on a single occupancy or shared housing arrangement that might work for him. If you're that person, please contact him directly at [mitchell.eithun@gmail.com](mailto:mitchell.eithun@gmail.com) or (920) 359-0992.

## Want to Worship in the Sanctuary?

If you've been eager to be in the sanctuary on Sunday mornings again, we've come up with two guaranteed seats in the worship service: filling the chair of our computer technician; and operating the camera to capture it all.

While the Miller family and Robert Johnson so graciously (heroically) stepped up last March, they all have "new normal" lives to return to (Emery, for one, is leaving for school next week!)

Fortunately, the livestream team has established a workflow since that slightly panicked day in March, so the two volunteers filling these positions can plan on having established processes and pretty straightforward "job descriptions."

The computer tech needs to be comfortable with technology and using multi-media resources. The camera operator needs a steady hand and a focused eye. Both positions will be socially distant from Ben and Kirk (the only other people in the room), and sanitizer is readily available and liberally used!

If you sense God's nudge to find out more (or, better yet, the clear-cut calling of *your* name!), please talk to Kirk or Ben ASAP.

# Let's Do LUNCH!

Because of your generosity, our commitment to provide a weekly lunch to Lansing shelter residents has fed around 3,000 men, women and children! Can you help us keep it going?

1. To reach our total of 50-75 lunches, we're looking for a few people to pack a few lunches and bring them to the church between 11am and 1pm on Tuesdays (non-refrigerated items like PB&J, salty snack, portable fruit/veggie, sweet treat, etc.) Cases of water are also welcome.
2. We're also looking for a volunteer on 1-2 Tuesdays each month who can pick up the lunches from FPC-Holt at 1pm and deliver them to Advent House (at Sparrow's St. Lawrence campus). Please let us know in the office if this ministry has your name on it!

**FPC-HOLT's "INJURED RESERVE TEAM"** Taking a cue from baseball, we'd like to find 1-2 relief players in case someone on the food distribution team has an emergency on Tuesday or Thursday. All it takes is to sit at the Holt Rd. entrance from 11am-1pm on those days and hand out the pre-packed bags of food to people who drive up and request them. You might never be called on to fill in for one of them, but you never know when someone will pull a hamstring... Please contact the office if you can help!

## Bring In Your Garden Abundance!

As our gardens begin to bear fruit, we would love to spread the wealth – and people who pick up bags of food each week would love to feed their families with fresh produce!

## Stressed? Frazzled? Feeling Corona'd Out?

If you're looking for an experience of God's Presence and peace, look no farther than the Fellowship Hall.

Although the room is set up with tables for our community food distribution, the labyrinth is free and clear and ready to provide a spiritual journey and respite. The space is available for use on Mondays, Wednesdays and Fridays from 9am to 4pm. No mask required if you're the only one walking!
